

MOVING PICTURES ARE MOVING OUT

Two Locations on Main Street to Be Occupied by Clothing Stores.

That the demand for Main street rental property is increasing at a lively rate is evidenced by the fact that two moving picture concerns have gone out of business to make way for two clothing stores. Workmen are now busy engaged in tearing out the fixtures in the Crescent theatre on Main street, between Second and Third streets, and of the Crystal on Main street, between First and Second South streets.

Former building will be occupied by Poulton, Madsen, Owen & Co., and the latter by the J. P. Gardner company. Both firms will move their stock of goods in as soon as the new quarters are ready. With the removal of Poulton, Madsen, Owen & Co. from their present store room on 11-13 South Main street, the space occupied by them will be added to the store room space of the Clayton-Davies Music company, at present doing business one door north. The floor space is greater in the former Crescent theatre building than in the present quarters of the clothing company, and the firm will thus be able to better take care of its rapidly increasing business. The move, it is thought, will be made next week.

Gardner Company's Plans.

The changes in the interior of the Crystal theatre building and the work of putting in a new fine glass front will be completed as soon as possible. On the completion of the remodeling work, the Gardner company will move immediately.

Lessons of buildings in and near 136-138 South Main street have been notified that the store rooms must be vacated before October 1. Announcement is made that at about that time the work of razing the buildings preparatory to the construction of the nine-story Kearns building will be begun.

Following the completion of the Kearns building the Gardner company will move into the new structure. Ground floor space has been reserved for the company.

APPLICATIONS FOR WRITS.

Supreme Court Adjourns Until Saturday Morning.

Nothing came before the supreme court yesterday and adjournment was taken until Saturday morning, when applications for two writs will be argued. An application for a writ of mandate has been made to the supreme

court to compel Judge George G. Armstrong of the Third district court to sign a decree in a Logan suit—Joseph P. and Zina S. Peterson against Dr. T. B. Budge and Dr. Ezra T. Budge—which was heard by Judge Armstrong. The supreme court reversed Judge Armstrong's judgment in favor of the Logan physicians in the suit in which it was charged that they used undue influence to gain the transfer of certain property. This judgment was reversed and an accounting demanded by the supreme court. Judge Armstrong refused to sign the decree until an accounting is made.

A writ of prohibition is asked in the case of the state ex rel. J. M. Whitmore against officials of Carbon county to restrain the county from selling bonds amounting to \$40,000, on the grounds that the notices for the election were not properly given.

GOOD START FOR MONTH.

Building Permits Yesterday Totaled in Value \$47,000.

Building permits aggregating \$47,000 were issued by Building Inspector A. B. Hirth yesterday, the first day of September. This starts the new month off with a promise of its being another record breaker for the year. The permits thus far in 1909 exceed those for the whole of 1908 by more than \$1,500,000, and if the month of September keeps up the average of yesterday, it will insure a great increase over the same month a year ago, and go to swell the total for the year. The permits yesterday were as follows:

W. R. Wallace, four-story, five-room brick store, 39 Main street, \$20,000. Clayton Investment company, alterations and front to stores and rooms, 18-20 East First South street, \$6,000. E. L. Loose, two one-story, five-room detached dwellings, 437 and 439 Fifth East street, \$2,500 apiece, total, \$5,000. W. P. Reed, two-story, twelve-room brick apartment house, rear 531 South West Temple street, \$6,000.

TRIAL IN COUNCIL ROOM.

Albany Bar Case Slated for Tonight Before the City Dads.

Besides the regular work of the members of the city council tonight at the committee debates, a real trial will be heard of the proprietors of the Albany bar, Sixth West and Second South streets, to decide whether the license should be revoked for selling liquor on Sunday, nearly two months ago. The councilmen will be the jurors, and there is a general feeling that the license will be revoked.

Two policemen bought liquor from

one of the proprietors of the bar, though there was nothing to show that the beer came from the Albany bar. The saloon men were found guilty in police court last Saturday, and were called on the carpet last Monday night. The attorney for the proprietors of the bar was not ready, however, and the council put the trial off until tonight.

SOME ROUTINE BUSINESS

Murray Council Turns Down Proposition to Sell Milk—Other Items Passed Upon.

The Murray council met last evening and transacted a great deal of routine business. The proposition of private individuals who keep cows and sell milk, which was brought up last week, was squashed. The committee on municipal law, to which was referred the matter of submitting a recommendation regarding an ordinance amending chapter 2 of the revised ordinances of Murray, relating to riding bicycles, etc., on sidewalks, did not carry.

The city justice of the peace submitted his report for the quarter ending June 30, and it was accepted.

A resolution authorizing the purchase and installation of a fire alarm apparatus was accepted and referred to the mayor for his approval.

Your credit business can all be done safely if you have a membership in the CURL CREDIT CLEARING HOUSE, 412 D. P. Walker Building.

MORE BRICK; LESS WORKERS

Plenty of Building Material but a Scarcity of Masons and Carpenters, Is Latest Report.

The large concerns which make a specialty of building houses to sell report that the shortage of bricks, which has been an adverse factor in building operations, is being relieved to a great extent during the past few days. But, while bricks are being shipped into the city at a more rapid rate, there now appears to be a shortage of brick and stone masons and carpenters.

Building activity in Salt Lake, especially in the erection of houses, is unprecedented. Never before in the history of the city have there been so many houses in course of construction in one year. The resulting unprecedented demand for brick caused a shortage in this important building material, and many orders placed several months ago are just being filled.

ARE RIGHT AFTER ALL WINNERY FRUIT

County Horticultural Inspector Sends in Report of Month's Work.

INSPECTOR'S LABOR HARD PEDDLERS AND STORES WARNED AND ORCHARDS VISITED.

That John P. Sorensen, county horticultural inspector, and his deputies have been busy during the month of August is shown in the following report of last month's work, filed by Mr. Sorensen with the county commissioners yesterday:

"In the month of August four carloads of apples and pears arrived, three from California and one from Colorado. One car from California and the Colorado car were in good condition and passed inspection in good shape. The other two contained worms and scale, and were condemned and destroyed.

"About thirty wagon loads of apples came from Davis county, Weber county and Morgan county. They were inspected and nearly all were found to be in first-class condition. There were also four very wormy, from 30 per cent to 45 per cent infested with worms.

"The fruit and vegetable market opens at 5 a. m. and if the inspectors are not around in good time to overhaul the wagons and condemn the wormy and fruit it gets scattered all over the city. Therefore, I have been there or had the deputy inspectors there every morning, to report that we have succeeded in getting most of the bad and wormy fruit brought in condemned and destroyed. This has been the most important work this month.

"The deputy inspectors have worked a total of eighty-eight days, whereof thirty-eight days have been spent by two deputies; one in the city to help me at the markets and inspecting carload lots; the other deputy has been out on the road to catch peddlers handling wormy and diseased fruit. Thirty-nine peddlers' wagons and 135 retail stores, besides eight importers and wholesale houses have been inspected and warned, and, where fruit has been found bad, it has been condemned and destroyed.
